DOCKET NO.: FLOR-0162 **Application No.:** 09/965,963

Office Action Dated: January 5, 2007

PATENT REPLY FILED UNDER EXPEDITED PROCEDURE PURSUANT TO 37 CFR § 1.116

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1-74. (Canceled)

75. (Previously presented) A system for advertising comprising:

a floor display that conveys visual marketing information for a product that is proximal to the floor display;

an output device for disposing proximally to the product and for generating sound, wherein the output device conveys audio marketing information for the product;

a touch-activated sensor for disposing proximally to the product such that the sensor can be selectively actuated by a consumer based on the consumer's interest in the product;

a memory comprising instructions for generating sound from the output device; and

a controller in electrical connection with the output device, the sensor, and the memory, the controller executing the memory instructions in response to a signal generated by the sensor.

76-80. (Canceled)

- 81. (Previously presented) The system of claim 75 wherein the output device is at least one speaker.
- 82. (Previously presented) The system of claim 75 further comprising a direct current power source that powers the controller.
- 83. (Previously presented) The system of claim 75 wherein the floor display is illuminated.
- 84. (Currently amended) The system of claim 83 wherein the controller is in further electrical connection with the floor display, and wherein the memory further comprises
